PROCEEDINGS OF THE CITY BOARD OF TRUSTEES

Ordinance Introduced Permitting Sparring Exhibitions--Fieldon W. Waggoner Employed as City Engineer

The board of trustees met in weekly session as usual last Monday evening.

Trustees Healy and Cunningham for the street committee stated that they had arranged to have the water wagon sprinkle the streets full time every day for the present.

City Clerk Smith was requested to prepare a description of the land at the south end of Linden avenue that is wanted by the city as a public park, and send it to the local land company.

The following claims against the city were allowed and warrants ordered drawn for same: California League of Municipalities, dues, \$10; W. J. Martin, hall rent for May, \$10; South San Francisco Power and Light Company, lights for May, \$81; Clerk W. J. Smith, fees, etc., \$7.50; H. Gaerdes, fifty feet of hose and nozzle, \$6.50; South City Printing Company, printing, \$15.00; W. L. Hickey, labor, \$3.25; South San Francisco Water Company, water for sprinkling streets, \$48.24.

Trustee Healy introduced an ordinance providing that sparring exhibitions may be conducted in this city for a limited number of rounds, and that 5-ounce gloves shall be used. The ordinance also provides that an annual license of \$1200 shall be paid.

The ordinance was given first reading and will come up for adoption at the next meeting of the board.

Trustee Cunningham reported that the members of the board had visited the City of Burlingame and had inspected its streets and sidewalks and had gained considerable information through the courtesy of City Engineer Waggoner of that city.

Upon motion of Trustee Cunningham, seconded by Trustee Hickey, it was decided to employ Mr. Waggoner to do the necessary engineering work in this city for curbs and sidewalks.

General arrangements are about completed for the Fourth of July celebration at Redwood City.

The usual parade will take place in the morning. It will be composed of military, fraternal, and fire organizations. The public schools will be represented by a float. The goddess of liberty will be Miss May Cook.

The literary exercises will be held in front of the new courthouse. Military bands will play patriotic airs. Revs. J. J. Sullivan and Thos. Leah will alternate in prayer and benediction.

There will be a chorus of 500 voices, led by Mr. Carington, and vocal and cornet soloists. B. Haydar of Pescadero will tell interesting stories of pioneer times in San Mateo County. W. J. Martin of this city will speak upon San Mateo's present and future prospects. A. M. Free of Santa Clara county will render a short and timely patriotic address.

FRATERNAL ORDERS

W. O. W.

It gives us pleasure to state that the officers of Progress Camp, Woodmen of the World, received from the head camp a check in payment of death claim by the death of Neighbor Karbe. Clerk Robinson, Banker Smith, Advisor Edwards and Attorney Styles visited the home of the deceased neighbor and handed to the widow the check for one thousand dollars. This act proved a ray of sunshine seen through a rift in the clouds. Promptness in the settlement of claims proves that Woodmanship is all it professes to be. It also stands for protection in the future for the family in case of need.

South City Aerie, No. 1473, held its usual monthly social session Tuesday evening last, and a goodly number did justice to the good things provided. It was practically decided to join with the Redwood City Eagles July Fourth at the county seat, and assist in the parade.

The light committee has been busy every evening during the past week testing the gasoline lamp in the various additions. It is winning favor among our residents. The adoption of this kind of light depends much on the committee's final report.

Contractor McMillan started the new school building last Wednesday. The contract had been held up by Superintendent of Schools Cloud on account of change of plans. He was here Tuesday consulting the school trustees in regard to the matter. The building is to be completed in full, with the exception of putting in a heating plant.

J. Beecon of Belle Air, with felicitous pride, met his overjoyed wife and five children who left bonny Scotland last month to unite and complete the family reunion in the land of the free and the home of the brave. Mr. Beecon has been solicitous of their safety in traveling the long distance, as their arrival was overdue several days owing to the circuitous route and inexperience with traveling customs. They are now domiciled in a beautiful home which has just been completed on Third avenue.

South San Francisco Land and Improvement Co.

FOUNDERS OF THE CITY OF SOUTH SAN FRANCISCO

THE SOUTH SAN FRANCISCO LAND AND IMPROVEMENT COMPANY designed in its original plan to make of South San Francisco a great manufacturing center. With that object in view, it originally purchased 3500 acres of land in San Mateo County, on the bay front, five miles south of the City of San Francisco. Since the original purchase, the company has added greatly to its holdings by the purchase of large tracts of adjoining lands, giving to it a perfect environment for the complete development of a great manufacturing city.

The faith which this Company had in its enterprise has been manifest to everyone by the large expenditure it has made in the development of this property. Every foundation which goes to make a perfect condition for manufacture has been already solidly installed, and

SOUTH SAN FRANCISCO

is a rapidly growing city; it is a railroad terminal; it is on the main line of the Southern Pacific Railroad, and accessible to all railroads; has deep water communication; owns and operates for its industries a railroad connecting with the Southern Pacific and the water front; has electric street car service from factory to Town, and direct to San Francisco; has an Electric Light and Power Company; owns an independent Water Works, and has an abundance of fresh water for factory and house; has wharves and docks; a perfect sewerage system; a Bank and a Town Hall; and a population of over 3000 people in an extensive and fine residence district, where everyone may secure lands at reasonable prices and on favorable terms, as homes for themselves and their families.

FACTORY SITES

can be obtained from the South San Francisco Land and Improvement Company on most reasonable terms.

The completion of the Bay Shore Tunnels has placed South San Francisco on the main lines of the Southern Pacific Railroad, and forty passenger trains per day connect it with the outside world.

With the completion of the Dumbarton Bridge and Cutoff, now rapidly being constructed, South San Francisco will have all railroads which center in San Francisco passing through its midst.

Many industries are already established here, chief of which are the Western Meat Company, the Wool Pullery, the Soap Works, the Baden Brick Company, Pacific Jupiter Steel Company, the Steiger Pottery Works, the W. P. Fuller White Lead Works, the South San Francisco Lumber and Supply Company, and other enterprises, all of which are in full operation to-day. The American Smelting and Refining Company has purchased over 300 acres of land in South San Francisco for the purpose of erecting a great plant, which they estimate will cost upwards of \$5,000,000. The Doak Sheet Steel Company has purchased a large tract of land and has already commenced the construction of a large rolling mill. Other factories have recently made purchases, and South San Francisco is plainly destined to fulfill all that its promoters had hoped.

SATURDAY JUNE 18, 1910

There are but two contestants for the republican nomination for the office of tax collector in this county.

The aspirants are Dr. C. L. McCracken, incumbent, and our fellow townsmen Judge Ambrose McSweeney.

The Enterprise holds Dr. McCracken in high esteem and has no criticism to offer as to his official record.

With regard to our neighbor, Judge McSweeney, we do not hesitate to say that he has been tried and proven in this community, and in every position and at all times he has made good and shown himself the right man for the work entrusted to him.

For many years Judge McSweeney was United States inspector at the packing house of the Western Meat Company, and his record is No. 1.

Four years ago at the solicitation of his friends the judge was an independent candidate for justice of the peace in and for the first township, and was elected by a handsome plurality over both regular party nominees.

Judge McSweeney has made one of the best magistrates ever elected to office in this county.

He is a strong man and his friends are very confident that he will be the republican nominee when the polls close for the primary election, August 16th.

Tom Hickey (Big Tom) is a candidate for the republican nomination to represent San Mateo county in the assembly. Should Tom Hickey become the republican nominee, as he will (unless something extraordinary occurs) he will put San Mateo county on the map before he leaves Sacramento. It goes of course that Tom will be our next assemblyman in case he gets the republican nomination (and Tom gets what he goes after, even with opposition, and up to date he has no opponent). Tom Hickey is of the solid, substantial sort, a stalwart from start to finish. He is direct and positive. He could not be otherwise if he tried. Like all direct and positive men, he may, and doubtless does, make mistakes, but in his downright honesty, he means right, and generally speaking is right. Tom Hickey is a genuine working man. He has earned his bread in the sweat of his face from boyhood. From the opening of the Western Meat Company's big packing house in 1891 for years Tom was foreman on the killing floor. He made good then, as he has everywhere. Some years ago he bought the big newspaper route, covering

from Ocean View to San Bruno, and including the Call, Chronicle, and Examiner, San Francisco's big morning dailies. He owns valuable property in our city, was elected a city trustee upon the incorporation of our town, and was re-elected last April. He is a member of the American Federation of Labor, and is a true representative of Union labor, not a fake and false-alarm, as many are who have misrepresented the workingmen.

Governor Gillett's open attack on prize fighting in California is the leading sensation of the past week.

Naturally, thousands are disappointed and dissatisfied by the governor's action. Like almost all other questions there are two sides to this one. After mature consideration and long delay, the governor has decided that the pending Jeffreys-Johnson match is a prize fight, and not a sparring exhibition, and therefore a proposed violation of the laws of the State, and that in the opinion of the governor of California such contest is demoralizing and injurious.

If the proposed contest is a prize fight, it is, under the laws of California, a felony, and it is the imperative duty of the governor to use all the means at his command to stop it. This is all there is to this controversy.

After the fever of excitement has subsided, the sober second thought will crystallize into public opinion, and Governor Gillett will be finally judged by the highest tribunal of our land, the people themselves.

SAN FRANCISCO PRODUCE MARKET

Latest Conditions and Prices of Seasonable Products of California

FRUIT—Apricots are now getting plentiful in the local market and the larger sizes are succeeding the small seedlings that have prevailed. Very fine Royals bring 75@85c a box, with 50@60c for smaller. Canners are taking all the best that are available. Peaches are also improving and more plentiful, bringing 75c a box for the best, with as low as 50c for others. Cherry plums and other varieties have become a drug and prices range from 25@40c a box. Green apples are coming in freely and have dropped to 50c @1\$ a box. Cantaloupes from Imperial arrive in fine condition and sell at 75c@\$1 for small crates. Cherries are fine and abundant at 75@85c for black, Royal Ann 10c lower.

BERRIES—Blackberries are less plentiful at \$6@7 a chest, loganberries abundant at \$3@3.50 for blacks, raspberries in fair supply at \$4@7. Strawberries arrive in fine order and bring good prices. Longworths at \$6@8, Malindas \$3.50@4.50.

VEGETABLES—Onions are higher, shipping demands being heavy. They range at \$1.50@1.65 for new reds and about 10c more for silverskins. There is a large northern shipment of potatoes, the old stock thereby being reduced. Low prices have created an outside demand. Heavy receipts of fine new potatoes have brought prices down to 70@80c a 100 for Early Rose and 80c@\$1 for River Whites. Other vegetables range as follows: Green peas 3@3½c a lb., string beans 4@7c, green corn 30@40c a doz., summer squash 75c@\$1 a box of 25 lbs.

DAIRY PRODUCE—Butter receipts are dropping off slightly and there is constant storage at present range of prices, besides some export to Los Angeles; but little going north. The northern and southern basis is 30c and a premium is paid above this on special deals, for extras. Eastern ladies are being handled here in carload lots, selling at about 24@25c. San Francisco prices have ranged at 27@28c for the month, on extras, which has kept a little below other markets. New York price on extras is 28@3c; Chicago, 27c today.

EGGS AND POULTRY—The maximum weekly receipts of eggs in May of over 400,000 dozen has dropped to 327,000 for week ending June 11th. The contest for storage is over and the supply now only keeps even with current needs. The range of 26c up to 28c and the drop again to 26c in this month is regulated by the consumptive demand almost entirely.

Eastern poultry is firm at 20c a lb. and receipts have slackened. Young California stock is weaker and hens firmer, as fewer hens are sent in. The last egg is squeezed out before a layer is sold at the present egg prices. Small hens are \$5@5.50 a doz., extra large \$6@8.

A new department of the National Government, with a woman at its head, is one of the propositions to be indorsed by the National Mothers' Congress, now holding its fourteenth annual convention in Denver. Resolutions are being prepared for a department of Home and Child, with a Cabinet officer at its head, if possible a woman. It is said that the idea is favored by former President Roosevelt.

Over \$10,000 worth of gowns was

ruined by the bursting of hose when firemen were extinguishing a fire which started in "The Creation," a boardwalk amusement enterprise at Atlantic City, N. J. Thousands of theater-goers had rushed to the scene of the conflagration and the police were busy driving back the crowds when the bursted hose threw tons of water over the spectators. Women wearing handsome evening gowns were unable to get out of the way before their dresses were drenched and ruined by the bursted hose stretched along the board walk. The blaze was extinguished with small damage.

Honolulu will soon have its first opportunity to decide whether or not it will be a dry town. The sentiment is about divided, according to Governor W. F. FURTHER PROGRESS TOWARD EXPOSITION

Over \$5,000,000 Subscribed
In San Francisco

Another long step toward the Panama-Pacific Exposition goal was taken by San Francisco Thursday afternoon at a mass meeting on the main floor of the Merchants' Exchange building. That public interest in securing the Panama-Pacific Exposition for San Francisco has not waned since the day when over \$4,000,000 was subscribed in less than two hours was evident from the large attendance and the enthusiasm. The great general assembly room of the Merchants' Exchange was crowded before 3 o'clock, the hour set for the meeting. All of the seats were taken early, and afterward all of the standing room was thronged, so that late arrivals who had to reach the platform did not find it easy to get through the aisles. Men from all sections of the city, and some from across the bay, were in the closely pressed multitude.

Several subscriptions from residents of Oakland, Alameda and San Rafael were announced when more contributions were called for, and these were heartily cheered, as they showed that people living elsewhere realized that the benefits to come from the exposition would not be merely local, and that other California cities would help the project along financially.

An Oakland man caused applause when he stated that he was canvassing among the merchants in that city and hoped that they would subscribe \$1,000,000. "They should subscribe liberally," he remarked, "as the merchants of Oakland were benefited more than any one by the downfall of San Francisco at the time of the fire."

There was a general desire to hear the report of the amount of subscriptions, and R. B. Hale, whom Chairman Brown said was "the real creator of the exposition idea in San Francisco," gave the figures.

"We have accomplished what we at first set out to do, namely, to raise \$5,000,000," he stated. "We already have in signed subscriptions \$5,033,805, and we have been promised other subscriptions, which are in process of being signed up, amounting to \$639,610, and most of which are as good as wheat."

After the telegraphic announcement that Congress required an assured fund of \$7,500,000 had been read, a resolution that the meeting pledge itself to raising that sum was adopted with a tempestuous "aye."

FIGHT HINDERED BY GILLET

It Will Probably Be
Held At Some Point
Across the Sierras

In a proclamation issued in the form of a letter of instructions to Attorney-General U. S. Webb, Governor James N. Gillett has directed that the fight between Jeffries and Jack Johnson, scheduled to take place in San Fran-

JACK GLEASON, FIGHT PROMOTER, San Francisco on July 4th be stopped. He has ordered the Attorney-General, first of all, to investigate the law with a view of determining whether the advertised contest is a "sparring exhibition" or a "prize fight." It is suggested that the matter at once be taken into the courts and that the interested parties be enjoined until such time as a hearing can be had. The Governor closes his letter by advising his Attorney-General that should the court refuse to stop the fight, to proceed to gather evidence, and if the contest is carried out, cause arrests of the principals and those interested with them in promoting the match.

HOUSE COMMITTEE ACTS ON EXPOSITION

Puts Cities in Rivalry to Raise
Fund of \$7,500,000

At Washington the Committee on Foreign Affairs, confronted with a domestic affair, avoided entangling alliances with all the astuteness it observes in international dealings. San Francisco succeeded in forcing it to take cognizance of the exposition resolution, but the diplomatic turn of mind of the members led them to transfer the disputes of the cities to the floor of the House itself.

This they did by reporting the Kahn and Estopinal resolutions with the amendments that a fund of \$7,500,000 at least must have been raised by either city before the President should issue the invitations to the nations of the world. Only by a miracle could the House be induced to decide the issue in the one week remaining of the session, and the contest will undoubtedly go over till next December.

Yellow fever has broken out in the Ecuadorian army, now being withdrawn from the Peruvian frontier.

Two weeks of the day on which the bout was to have been held, and after repeated statements from the Governor that he would not interfere, the announcement was a decided sensation, not only to the sporting fraternity, but to thousands of others who have

JIM JEFFRIES

been following the fortunes of the "battle of the century" through its somewhat stormy passage from the day the match was first made in New York City until the present time.

Gleason's Statement.

"The fight will be held in San Francisco. Our attorneys have assured us that we are proceeding with the law, and that we cannot be stopped. Until the Attorney-General acts we can do nothing, but we have our plans well laid." —Jack Gleason.

Unless there is positive assurance that the Jeffries-Johnson contest is not to be interfered with, Tex Rickard declares that he will leave for Reno on

JACK JOHNSON

Sunday morning to build an arena for holding the battle. The promoter declares that he cannot wait longer than two days. Meantime his attorneys will endeavor to find some plan by which the fight can go ahead unimpeded in this city.

TERSE CALIFORNIA NEWS

In an effort to revive the old-time county fair, which proved so popular for many years, the Stockton Chamber of Commerce has taken the initial steps toward securing State aid to meet part of the expenses of these annual gatherings. It is proposed to make a concerted effort and bring forcibly to the attention of the next Legislature the necessity of making an appropriation for the several districts in the State, and especially the San Joaquin valley, where the fairs attracted much attention.

Two real estate deals of great magnitude have been announced in Sacramento. Through a local realty firm the great Moulton ranch in Colusa county, opposite the city of Colusa, has been sold by the Central California Investment Company to Hollister and Pasadena capitalists for about \$1,000,000. The ranch consists of 18,000 acres, the larger portion of which has been under cultivation for years, part being in orchards. The other portion is overflowed during part of the year. This will be fully reclaimed. The entire ranch will be subdivided immediately for colonization. This is one of the largest deals ever consummated in the Sacramento valley.

Mrs. James N. Gillett, wife of the Governor, and Mrs. Fletcher A. Cutler, wife of the Governor's law partner, were painfully hurt near Sacramento when the executive's carriage collided with another rig while the horses were starting to run away. The animals took flight at a freight train at Brighton. The traces broke, and the coachman lost all control of the team. The carriage tipped over, throwing Mrs. Cutler to the road. Mrs. Gillett remained in the overturned vehicle, but received the more severe injuries of the two. She will be confined to her bed for the next few weeks. Mrs. Cutler wrenched a limb. The women were temporarily cared for at a Brighton house, and later taken home. A woman in the other rig was slightly injured.

Chaperoned by the collier Justin and tug Fortune, the submarine boats Grampus and Pike left Mare Island, June 15th, on their first sea voyage. The destination of the boats is San Diego, where they will probably be kept permanently stationed for experimental work in the clear water. Lieutenant Kirby Crittenton aboard the Pike will be in command and Ensign James P. Olding will be the officer in charge on the Grampus. The big collier and the tug will stand by the submarines to take them in tow in the event of rough weather being experienced.

A party of thirty surveyors and civil engineers in the employ of the Southern Pacific Company have left Redding for Hamilton gulch, in the northwestern part of Shasta county. It is understood that the men are to survey a line in Trinity county through the National Forest reserve westward toward Eureka. The activity of the promoters of the Humboldt and Eastern Railroad, to run from Redding to Eureka, has stimulated rivalry to secure the best passes and rights of way in this virgin territory.

Governor Gillett has accepted the resignation of State Insurance Commissioner E. Myron Wolf, who is to become a vice-president of an insurance company in San Francisco, and appointed Edward C. Cooper to fill the vacancy, which is for a term of four years. Cooper's position of private secretary to the Governor, from which he resigned, was given to E. Forrest Mitchell, who has been the executive secretary to the Governor. The executive secretaryship will be filled within a few days.

The vineyard crop in the Sonoma and Napa valleys this year is to be a record-breaker, according to Professor Frederick Bioletti of the Department of Agriculture. Except for a small strip near Calistoga, damaged in a recent windstorm, he predicts a large return. He has just returned from Santa Rosa and vicinity.

Joe Gans, generally regarded as the most famous lightweight of all time, is in a critical condition at Phoenix, A. T. It was expected that Gans would be at San Francisco to see the big fight on the Fourth of July, but Benny Selig, his former manager, received a dispatch stating that the former champion has had a relapse and that a trip to San Francisco was out of the question.

Alameda Parlor of Native Sons of the Golden West will give a three days' carnival on July 2d, 3d and 4th at Surf Beach Park, Alameda, to raise funds with which to celebrate Admission day. A large number of committees are at work, and are being assisted by the Alameda Chamber of Commerce, the Eagles and other fraternal orders.

HAMILTON WILL TRY FOR NEW RECORDS

Is Dissatisfied With New York
to Philadelphia Trip

Charles K. Hamilton rose in his aeroplane from Governor's island on June 13th and sped without a break eighty miles to Philadelphia in a remarkable cross-country flight under the auspices of the New York Times and the Philadelphia Public Ledger. He made the trip in one hour and fifty-one minutes, leaving Governor's island at 7:35 A. M. and landing at Philadelphia at 9:26.

Arriving at Aviation Field, he delivered letters from Governor Hughes and Mayor Gaynor to Governor Stuart and Mayor Reyburn, accepted messages of congratulation from them to bear in return, and started for New York again, with only brief intermission for food and oil. He had flown approximately seventy miles of his return journey when a sluggish motor drove him to descend in a swamp near South Amboy, N. J., at 12:55 P. M.

The propeller was broken in landing, but, after repairs had been made, Hamilton resumed his flight at 6:20

and landed at Governor's island at 6:39. Thus the return trip was made in one hour and thirty-six minutes, at an estimated average speed of 54.96 miles an hour, which breaks the record made in the Curtiss flight from Albany to New York.

CHARLTON MAY HAVE BEEN FOUND

New Phase of the Charlton Murder Mystery.

An unconfirmed report has reached Rome that Charlton has been arrested at Lausanne.

Court Guiglia, the King's procurator for Lombardy, has acquired information concerning the murder of Mrs. Mary Scott Castle Charlton, which has diverted the activities of the criminal branch toward a new line of inquiry.

A New Rumor.

The London Express makes the assertion that Porter Charlton, whose wife's body was found in a trunk in Lake Como, Italy, recently, and for whom the Italian authorities are making a vigorous search, is in London. The newspaper, however, does not locate Charlton.

The police of Como, Italy, are convinced that Porter Charlton is alive. They claim to have indisputable evidence that he was seen on the evening of the day the body of Mrs. Mary Scott Castle Charlton was found in Lake Como. That would eliminate the theory of a double murder, and the police do not believe Charlton committed suicide.

The local investigation of the murder of Mrs. Mary Scott Castle Charlton has shifted to an analysis of the manner of the killing. This is held to be significant of progress, as heretofore those interested have devoted their energies chiefly to determining the identity of the slayer.

Doctor Trying Long Fast.

Dr. Gustave A. Gayer entered on the twenty-eighth day of an absolute fast, June 13th, in New York, with a loss of only 33 pounds. Physicians who have kept close watch on him during his fast report he is in excellent physical condition, with normal respiration and pulse. The doctor had intended to continue his fast for forty days, but in obedience to advice of his doctors he will end it on Thursday, the thirty-first day. He says he feels that he could continue the fast for fifty days more without detriment.

NEWS NOTES FROM BUSTLING SAN BRUNO

Continued from Page 1.

and a pleasant surprise awaited the members. Shortly after the festivities were in progress, Foreman Wm. Salomay on behalf of Archer Homestead presented the local organization in a few well chosen words with a beautiful American flag in appreciation of the visit made a few weeks ago to that Homestead in San Francisco. Foreman Fred Russell responded in a happy vein and accepted the token of appreciation for the local Homestead and invited the audience to sing the national anthem, "My Country, 'Tis of Thee." A banquet was partaken of and the ladies comprising the committee are certainly deserving of great credit for the masterful manner in which they acquitted themselves. Dancing and whist games rounded out the evening's entertainment. About fifty members of the San Francisco Homesteads were present.

One of the most elaborate social affairs ever held in San Bruno was given by the Las Amieus Club last Saturday evening at Green's Hall where terpsichorean art and plastic beauty held sway. The agreeable pleasantness of the evening's sociability was rated a grand success and to be remembered for some time. The rhythm of music thrilling and efficacious to time and step was produced by the Harmonie orchestra of four pieces. Among those present were the Misses May Delaney and Annie Hunds from San Francisco. All Peninsula points were well represented, especially South San Francisco, from which place there was a large delegation in attendance.

Jas. Arney, fourth addition, is glad to be home once more, after a two-months sea voyage replete with varied experiences. And whilst he enjoyed the trip in a way, still he says there is no place like old San Bruno! His first call was at Seattle, then Tacoma, but not being a duck he did not enjoy either call. Next he navigated to far-famed Honolulu where it seemed as if Jupiter Pluvius tried to extinguish the Burn-

ing Mountain with a second deluge. Salina Cruz was his next objective point, but he was more anxious to get away from there than he was to arrive, as he says the mosquitoes there had the New Jersey variety as far outdistanced for speed as a Curtiss biplane leaves Jim Casey's steam roller behind.

Another stalwart letter carrier is in our midst. E. S. Woods and family have rented the Pfluger cottage for the summer and are very favorably impressed with their surroundings.

During the last week a list of twenty new subscribers to The Enterprise was the record-breaking addition to the already lengthy roll of satisfied readers of the paper. It now becomes apparent to the wise and wide-awake advertiser who wishes to reach out for San Bruno business that The Enterprise subscription list is well worth taking into consideration for advertising results. The San Bruno columns will give each week the up-to-date social news and touch on matters of public welfare for the benefit and uplift of our own town.

The republican club met at the Jenevein avenue fire house last Wednesday evening. The by-laws and constitution were read and adopted. Thos.

L. Hickey from South San Francisco, candidate for the assembly, Ellis C. Johnson, of Hillcrest, for justice of the peace, and F. W. Waggoner of Burlingame, aspirant for county surveyor, were present. The meetings are proving to be a very popular place for spending the evenings. The next meeting will be held at the San Mateo avenue fire house Wednesday evening, June 29th. Don't forget the date.

Geo. H. Ball of Belle Air as a fitting tribute to the completion and occupancy of his new home, erected a flag pole and unfurled old glory to the breeze. Mr. Ball followed the stars and stripes for twelve years, and as he with patriotic pride watches the flag wave remembrances of an active and varied career flits through his memory.

Previous to the Spanish-American war he was in the frontier subduing the Indians, and engaged in many skirmishes with the red men. At the outbreak of the Spanish-American war his regiment being seasoned to hardships and trained in maneuvers,

were immediately ordered to Cuba, where the regiment distinguished itself with valor. The volunteers later becoming proficient in the use of arms and discipline substituted for the regulars, and the company then sailed for Manila, where they were to the fore and penetrated into the interior, fighting and vanquishing the hostile tribes. The regiment earned a glorious record and Mr. Ball, now as a civilian and resident of San Bruno, can with unfaltering pride and enthusiasm, rest on his well-earned laurels, having given much for his country, and salute the flag of our destiny, as it has been his duty during those trying times.

A packed house at Green's Hall was somewhat dismayed if not chagrined last Sunday evening at the failure of the electric current to materialize, necessitating money back at the door after waiting patiently till 9:30. Mr. Roy has been fortunate in securing pictures that will make you forget your troubles and drive dull care away. He will unreel them tomorrow evening at the usual time. Come and enjoy yourself and spend a pleasant evening with the picture man.

The proprietors say that the rule attempted to be enforced here to prevent selling to anyone except union contractors is more than has ever been attempted even in San Francisco, and that a refusal to sell goods to anyone who offered to buy and pay for them would be actionable in law and lay them liable to suits for damages. Besides this they cannot afford to go without any legitimate trade they can get and still do business without loss. They say that no trouble or hostilities are invited by them, and they hope to do business upon legal and peaceable principles, but it can only be done on the basis indicated. There is no question of wages or hours involved, and the new rule attempted by the union is unwarranted and unprecedented.—Palo Alto Times.

S.P. COMPANY ISSUES VALUABLE BOOKLET

"California for the Settler" is the title of a valuable and interesting booklet just issued by the passenger department of the Southern Pacific Company.

The booklet is printed on good paper and is well illustrated. It can be had free on application to the railroad company and is designed for distribution in the east and middle west especially.

The Burlingame Advance, formerly owned and published by F. W. Atkinson, has been purchased by S. D. Merk, who a few years ago published the San Mateo Leader.

Editor L. P. Hathaway has severed his connection with the Palo Alto Citizen, being succeeded by P. Milton Smith, former publisher of the Mountain View Register.

Members of the Fig Leaf social club of San Bruno held its regular monthly session Sunday last at Fig Tree Grove, Buri Buri, a class initiation being conducted both morning and afternoon, and were very impressive. Our popular townsman, W. C. Schneider, passed through the ordeal at the afternoon ceremony, and during his speech after

the Fig Leaf Club, No. 1

the banquet regretted he had not become acquainted with the order before. He expressed his pleasure at the reception accorded him, and would do all in his power to advance the cause for which the club was organized.

Judge McSweeney followed with words of wisdom and encouragement, and predicted a successful future for the club. High Chief Gimmick expressed the pleasure it gave him to witness the slaughter of the innocent bear whose carcass supplied the day's repast. With responses from Chairman J. H. Kirk, Harry Edwards, Dr. Bohm, Gus Jenevein and others, the session was brought to a close, with three cheers for our Host Jenevein, all promising to be present at the next session.
